BIOGRAPHY

Chris Chua is a dedicated educator and accomplished professional with a strong background in data science, artificial intelligence, and business management. As a lecturer at ERC Institute, Chris has successfully developed and delivered engaging courses across a variety of disciplines, including Business Management, Operations, and Supply Chain Management. His teaching approach focuses on creating an inclusive and interactive learning environment that enhances student understanding and engagement.

Chris holds a Bachelor of Science in Applied Mathematics, with a Minor in Statistics, and a Master of Business Administration with a focus in Finance. His expertise is further demonstrated by numerous certifications in Python programming, machine learning, data analytics, and business intelligence, making him a highly qualified instructor in the fields of data science and AI.

With a passion for integrating real-world applications into academic learning, Chris aims to equip students with the knowledge and skills required to excel in today's rapidly evolving technological landscape. His commitment to student success and innovation makes him a valuable contributor to any academic program in computer science, data science, and artificial intelligence.
